

### SQUARES TO MARK YOUR T-SHIRTS

We want to be sure we make your one of a kind t-shirt quilt just the way you envisioned it. Please use these tags to identify the parts of the t-shirts you want used. We use a 15" square to cut your shirts. If a shirt has designs on both sides that you would like to use, there are a few options:

1. If both designs are large, we can make 2 squares from that one shirt;
2. If, for example, the front has a small pocket logo and the back is a larger design, we can appliqué both sides together onto one square; or
3. We could combine four small pocket logos onto one square (i.e., four shirt fronts together).

**NOTE: Please do not staple, use duck tape or masking tape to attach the labels to the t-shirts. Please use a straight pin, safety pin, or scotch tape to attach the labels to the t-shirts.**
